State and federal laws require public school districts to release report cards to the public each year.

Starting in 2009, charter school information is included in district statistics.

Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.
Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.
Total school tax rate is a district's total tax rate as it appears on local property tax bills.
Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.
Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

ACADEMIC PERFORMANCE

OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. They represent your school's performance in reading, mathematics, and science.

The 2007-08 school year was the first time that Limited English Proficient (LEP) students took the ISAT or PSAE (with accommodations) instead of the IMAGE test. Therefore, any comparisons with prior year's achievement levels for LEP students should be made with appropriate caution.

OVERALL ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT) PERFORMANCE

ISAT PERFORMANCE

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT.

PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics, and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Reading and Mathematics are tested in grades 3 through 8 and 11. Science is tested in grades 4, 7, and 11.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
- Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
- Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
- Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 70.0% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 70.0% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. ***
3. For schools not making AYP solely because the IEP group fails to have 70.0% meeting/exceeding standards, 14% may be added to this variable in accordance with the federal 2% flexibility provision.
4. At least 90% attendance rate for non-high schools and at least 78% graduation rate for high schools.

* Includes only students enrolled as of 05/01/2008.

** Safe Harbor Targets of 70.0% or above are not printed.

*** Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

PLANNED IMPROVEMENT FOR THE SCHOOL AND DISTRICT**Carol Stream School
2009-2010 School Improvement Plan**

During the 2008-2009 school year, the Carol Stream School Building Leadership Team and staff continued to implement our School Improvement Plan, focusing on effectively using reading strategies to improve comprehension of both fiction and informational text in order to improve each student's reading performance. Teachers continued to emphasize reading comprehension strategies within the district literacy framework and continued to use assessment data for instructional decision making.

2008-2009 ISAT Performance Data

- 74.4% of third grade students met or exceeded state standards in **reading**.
- 73.5% of fourth grade students met or exceeded state standards in **reading**.
- 71.4% of fifth grade students met or exceeded state standards in **reading**.

- 86.0% of third grade students met or exceeded state standards in **math**.
- 90.0% of fourth grade students met or exceeded state standards in **math**.
- 83.9% of fifth grade students met or exceeded state standards in **math**.

- 57.9 % of third grade students met or exceeded state standards in **writing**.
- 75.0 % of fifth grade students met or exceeded state standards in **writing**.

- 80.4% of fourth graders met or exceeded state standards in **science**.

Goals for Improvement: 2009-2010

During the 2009-2010 school year, the Carol Stream School's Building Leadership team and staff will continue to focus on improving reading performance at all grade levels during the second year of our two-year school improvement plan.

- **Students will effectively use reading strategies to improve reading performance.**
- **Staff will systematically focus on improving the implementation of the district literacy framework in order to increase the percentage of third, fourth, and fifth grade students meeting or exceeding standards on the ISAT in reading.**
- **By 2010, over 80% of all students will meet or exceed standards on the ISAT in reading.**

Key Strategies for Achievement of Goals

- Involve all staff in systematically collecting and utilizing data for instructional decision-making to improve student learning.
- Implement a plan to monitor all student progress and target students who are not meeting expectations.
- Provide extended school day support for students not meeting standards.
- Monitor the implementation of the district literacy framework.
- Focus professional development on Assessment for Learning concepts, differentiation, and reading strategies.
- Implement a plan to communicate with parents on how to best support reading at home and how to better understand assessment data.
- Create student goal-setting process using data (formative and summative district data including NWEA, MAP testing, classroom assessments, standards achievement reports).
- Implement a plan to increase parent involvement in reading with a focus on our bilingual population.
